

“Getting Ready for a Career in Construction Industry”

A *FREE* Career Guidance Webinar for Civil Engg Students & Fresh Graduates

(Sunday, 18th October 2020, 10 AM to 12 PM)

A Dive into the Industry:

When you find yourself at the threshold of your career as a Civil Engineer, you are haunted by some questions.

- When will I get a job? Many from the previous batch haven't got placed yet!
- My last interview was a complete sham! How do I prepare for my next?
- I got good grades for my degree? Now, what is it that I lack?
- What should I do to make a great career in this challenging industry?

And finally, where can I get the answers to these questions?

Well, the Construction Industry is vast and ever evolving. Today it can provide a range of opportunities to suit the aptitude and interest of every civil engineer. But the first step to make a career is to equip yourself with the basic skills which are essential to make a successful transition from 'Institute to Industry'.

The Webinar:

“Getting Ready for a Career in Construction Industry” is a *FREE* Career Guidance Webinar being organized by Technoasis Academy to guide the Civil Engineering Students on how to prepare for their career. It is based on insights compiled after interviewing many industry experts. Its objective is to make the participants aware of the industry expectations and guide them how to meet them. They will also learn about the skills and reinforcements they would need to excel in their chosen careers. The details are as under:
